

ALFRA PUNCHING TOOLS – SUB-MIN-D

Made in Germany by ALFRA

- For multiple connector "Sub-Min-D".
- For punching the cut-outs for 9 - 50-pin connectors.
Anti-twist-protected axes are used as tie bolts for punch and die.
- All punches have a lateral ejection for the waste piece. No jamming inside the die.
- The punches are delivered in robust and practical plastic cases.
