

ALFRA PROFILE RAIL CUTTING DEVICE – DUO

Made in Germany by ALFRA

For the most common DIN carrier rails, with hand lever operation

Cuts profile rails TS 35/7.5 + 35/15 mm exactly and effortlessly

- With rail-support element for accurate 90° cuts
- With a reinforced eccentric located directly above the shearing blade
- Little force required due to better force transfer
- Maintenance-free
- Cutting without waste
- Shearing blade can be resharpened
- Anodised, laser-engraved length stop 1000 mm long with rail-support element for accurate angled cutting, with millimetre and inch scales
- Easy to fit to the workbench
- Scales in metric and inch measurements
